[REDACTED]

We received a question from you re: ESSA and Transportation requirements as they are outlined in recently released federal regulations.

The CDE is working closely with all County Offices, including yours to gather information on COE collaborative processes. We have asked your Foster Youth for this information in a planning document due to CDE within the next month. I would reach out to [REDACTED] and [REDACTED] at [REDACTED] for more details on your local process toward this requirement.

As a point of clarification, there is not a requirement that the plan be finalized by Dec 10; however, there is work that is required beginning now to establish the necessary collaborative practices that will lead to a finalized plan in the near future.

Thank you

Lisa Guillen
